

TERAC® White Range DIY Treatment is a gentle high quality treatment

Its uses safe and natural ingredients that will not cause any adverse skin reaction
When used properly, the RAC-Reverse Aging Corrective is guaranteed to give the user a high quality beauty treatment that is safe, effective, simple and easy to use.

Recommended Treatment

* Or you could request a Neucor designated / qualified RAC Beauty Treatment Specialist to customise a treatment for you

Precautions when using TERAC® White Range DIY Home Treatment

- Avoid using the sauna, steam shower, hot spring, etc.
- Use lukewarm water to wash face, avoid using hot water and avoid over-scrubbing with towel.
- Avoid long exposure to the sun. Apply UVP once every 2 hours in the event where extra protection from the sun is needed.
- Avoid squeezing acnes and pimples, or scratching the skin. Use RAC #4 to solve these problems.
- Should the skin feel itchy or stinging during treatment, avoid scratching. Instead use RAC #3 and #5 to relieve the problem. Alternatively, you can try tapping your face with your fingers. It is normal to feel itchy and stinging during treatment, but such irritation will subside after 2 or 3 weeks.
- People who show adverse reactions to the products (such as redness, swelling, sensitivity, stinging, itch, etc) have usually done one or more of the following: Incorrect use, over use, over rubbing, and other effects of abrasion
- Users undergoing laser treatment, fruit acid skin renewal treatment, and skin scrubbing treatment should consult a qualified RAC Beauty Treatment Specialist before using the products.
- Users with sensitive skin or allergies should consult approved / qualified RAC Beauty Treatment Specialist for an allergy test (trial treatment)
- Do not use on open wound or swelling
- Stop use immediately should rashes, swelling, or other discomforts develop during or after treatment, and consult a qualified RAC Beauty Treatment Specialist immediately.
- Some customers may be allergic to fruit enzymes / sensitive to light / or are easily sun burnt. Use a good quality sun screen / refractor (RAC Sun Protector), together with physical screen (hat, umbrella, etc) to prevent direct exposure to sunlight

TERAC® White Range DIY Home Treatment

1

Clear Cleanser 150ml <Gently cleanses, renews skin>

Deep skin purification. To remove and control oil, unclog pores, prevents blackheads, whiteheads, acnes, and pimples. Contains moisturizers, balances the skin while cleansing. Automatically removes the stratum corneum to leave your skin feeling brand new.

Main active ingredients
EDTA-2Na Chelate system, Flowerlance Compound Plant Enzymes Essences, Mixed Fruit Enzymes (MFE), Grapefruit Extract, L-Sodium Lactate & Cocamidopropyl Betaine.

Suitable for:
Normal to dry skin, oily skin, blackheads, whiteheads, pimples, acnes.

Directions:
Use morning and night. Squeeze a small amount on your palm, work into a lather and then massage your face and neck for approximately one minute and rinse off.

2

Whitening Serum•• 30ml <Anti-oxidant, ultimate whitening>

Accelerates the removal of melanin and heavy metal accumulated in the skin. Anti-oxidation, accelerates the recovery of wounds, lightens spots and melanin, increase skin elasticity and improve skin texture. Reduce the formation of fine lines and wrinkles. Improve blood circulation, even out skin tone.

Main active ingredients
EDTA-2Na Chelate system, Flowerlance compound plant enzyme essences, Magnesium L-Ascorbyl Phosphate-MAP, Ellagic acid Extract & Licorice Extract.

Suitable for:
Over secretion of oil, uneven skin tone, dark skin colour.

Directions:
Use morning and night. After washing face, apply adequate amount to the face and neck area and massage gently until fully absorbed.

3

Moisture Cream 50ml <Moisturize, repair, regulate>

Reach deep into the skin rapidly to moisturize the skin from within. Automatically regulate the skin pH and moisture level. Provide the nutrients needed by the skin. Effective in skin repair. Gentle to use, moisturize without the oily feel.

Main active ingredients
EDTA-2Na Chelate system, Alpha Tocopherol Vitamin E, Cinnamon, Ginger, Rose Hip Oil, Grapeseed Oil, Hypnea Muscifomis.

Suitable for:
All skin type. Can be used after harsh / fruit acid skin treatment to help soothe the effects of the treatments. (Please first consult a Neucor designated/qualified RAC Beauty Treatment Specialist to schedule for a sensitivity/allergy test.)

Directions:
Use day and night, apply appropriate amount onto the face and neck, massage gently until fully absorbed.

4

Peeling Serum 30ml <Soften and renew skin, improve the immunity>

High quality anti-aging and stratum corneum removing essence. Accelerates the removal of toxic heavy metals from the skin. Reduces pores size & unclogs pores. Regulate oil secretion, anti-oxidation, anti-bacteria, anti-inflammation. Relieves skin pressure and tension. Prevents fine lines and wrinkles.

Main active ingredients

DIY Home Treatment

White Range

DIY Home Treatment

- Innovative "Chelating technique" combines enzymes from many natural vegetables and fresh fruits to form compounds that mimic the human skin cellular structure
- Latest "total skin cell repair and re-vitalising formula"
- Breakthrough technology- a combination of compounds and chelates

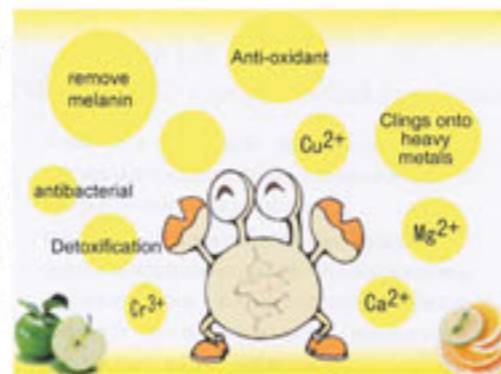

The Perfect Skin Treatment is a 3-month-long treatment

The 6 major discoveries in the Science of Anti-Aging – Latest, Safest, and most Natural

1. EDTA-2Na

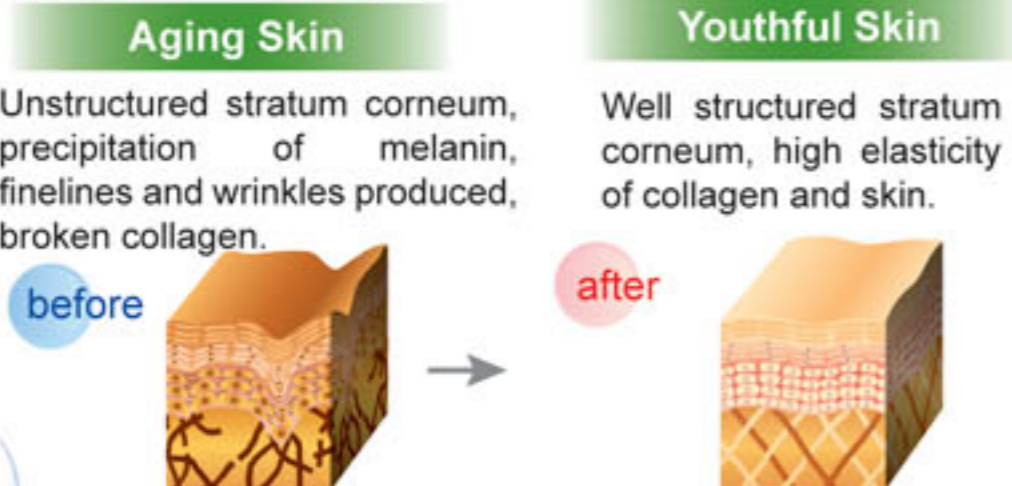

- Promotes the metabolism of heavy metal and toxics accumulated in the skin. It clings onto heavy metals and toxics on the skin making them easier to wash off, thus accelerating the rate of removal
- Not affected by temperature and pH level.
- Suppresses the growth of bacteria, regulates the secretion of skin oil from within, promotes the renewal of the stratum corneum, unclog pores, and kills bacteria.
- Possesses anti-inflammation and antibacterial properties, it brings the skin back to the baby smooth a state of pure cleanliness and helps maintain vitality of cells.

2. Flowerlance Compound Plant Enzyme Extract

α-hydroxy acids from selected species of plants are combined with the chief plant extracts found in plants including; Edelweiss, lemon, grapes, apples, vitamin C, hibiscus, rose fruit, violet tricolour (pansy)

- Protects – stimulate growth of skin base cell
- Soothes irritation
- Promotes metabolism of the epidermis
- Dissolves the dead skin of the stratum corneum to soften the skin
- Anti-oxidant, eliminates free radicals
- Promotes blood circulation, whitens the skin

3. Mixed Fruit Enzymes

- The moisturizer found naturally in skin
- To alleviate the problem of coarse & dark skin, improve metabolism and moisture the skin.

4. Grapefruit Extract

- Softens the stratum corneum
- Unclogs pores
- Smoothens skin

5. Grapeseed Oil

- Anti-oxidation, anti-aging
- Maintains pH balance
- A perfect source of minerals and vitamins
- Non-oily nature works great on all skin types
- Protects the skin against the harmful effects of UV rays

6. Allantoin

- A growth stimulant found naturally in plants and widely called "natural skin healer"
- Contains excellent skin soothing properties, possesses astringent and anti-inflammation properties, helps promote healthy cell growth
- Alleviates the problem of coarse skin
- Soluble in hot water, fights sensitivity, inflammation, and promotes cell repair

Truly age - defying skin!

Yap Bee Lee

After the first day of using, I feel the blackheads and acnes on my nose and chin have disappeared and even my wrinkles became lighter. The hardened oil spots on my face have also shrunk.

What is more exciting is that after using for four days, my skin became smoother and full of elasticity, and my pores are finer as well. Amazingly, all these without pain or itch!

I got a new nickname after using TERAC White Range. From a dirty cat I became the "Beautiful White Cat"! The first two days after using it, my skin feels visibly cleaner, and the tension in my skin is relieved, my skin feels lighter and I feel radiant!

Alice Thong

Siah Tiong Kiat

On the first day, I used the Peeling Serum and Whitening Serum on my forehead, nose, and chin. I can feel my skin smoothens within just 15 minutes! Using Moisture Cream + Clear Repair Cream + Sun Protector on half my face, within half an hour my skin became soft and supple.

The beauty in it all is the 20-year old hardened "blackhead" on near my eyes is reduced by at least 70% with 6 days of treatment using Peeling Serum and Whitening Serum!

I feel cleaner and fairer after using TERAC series for only the first time. My skin is rather sensitive, but there are no side effects from the TERAC series. It is very safe to use.

The results from long term use leaves me even more satisfied. My pores have become smaller and the cutin stratum has reduced; my skin looks increasingly cleaner and fairer. The whitening and moisturizing effects of TERAC very soothing. It feels very light even on my oily skin. My overall skin tone has also become more even.

My friends say that I look different now, like a woman in her 20s. To a woman in her 30s, it is truly joyous!

Wong Sau Ping

Lucius Teh

After two weeks of using this new range, I noticed some improvement of my skin. Overall it improves the complexion of my skin, it looks fairer and "cleaner"; my upper cheeks are a bit sensitive but the #3 is doing quite a good job in moisturising. The wrinkles on my forehead are lighter and have become less obvious. #4 has helped to clear a lot of my clogged pores.

I also started using this product on my friend's face. The effects are fantastic!

Eyes: Fine lines disappeared; complexion clearer, smoother.

Forehead: wrinkles are lighter and complexion has become fairer and smoother, open pores have also become smaller.
